Notes

Riff is played over & over again during [Intro], [Verse 1], [Verse 2], *&* [Outro].

During the Pre-Chorus, arpeggiate the chords in a similar manner to the main riff, I personally play them very slopily like a boss.

During Chorus, just strum them however you groove.

[Intro]

[Verse 1]

Let's go out I heard you're sober now We'd paint the town And hurt each other
There's a guy I let Meet my mother But he doesn't do the things you do So what's the bother

[Pre-Chorus]

F Ab F Eb
There's a way out There's a way back

[Chorus]

F Ab F
It's a long road Going nowhere together I'd take it everytime Take me you know
Eb
You'd never have to lead I'd just go I'll go

[Verse 2]

Cuz I only want to kiss you Share bags of clementines And walk up costal lines
Dig my heels in your Earth I feel the sand slippin'

[Pre-Chorus]

F Ab F Eb
There's a way out There's a way back

F Ab F
It's a long road Going nowhere together I'd take it everytime Take me you know
Eb
You'd never have to lead I'll go, just go

[Outro]

Going nowhere We're on the road to nowhere On your road
